Customer Account Manager (m/f/d)

Who you are

You have professional experience in a customer service environment. You keep a cool head even in stressful situations, speak fluent English and of course enjoy working in a team? You have completed a commercial or print media apprenticeship training (not mandatory)? Then apply today!

Your tasks

As a Customer Account Manager you are responsible for our customers in the UK. You advise them technical and process-related questions, calculate quotations and prepare orders. Your tasks also include supporting our digital printing and processing procedures by processes by planning, supervising and monitoring the orders. This makes you one of the the most important links between production and the customer.

Your workplace at label.co.uk

We are an international team that specialises in printing specialised high-quality labels. Our quality, state-of-the-art technology and professionalism make us an online market leader in label production with with flat hierarchies and short decision-making. As a fast-growing company we are always on the lookout for motivated personnel. You can look forward to exciting projects and tasks as well and a working day with a lot of variety.
